## Observations... From Around Town

(BY JAY WHOZIT)

If you have a dog and care anything about the animal, have it vaccinated and keep it locked in or on a leash, if not it may bite some innocent person, who will suffer unnecessarily, and you may lose a much-loved pet. Rumors have been going around that there is to be a new movie theater in town, to be built on the beach front in the vicinity of deMontluzin Avenue. Now, the idea of the new theater is not bad, BUT, the idea of allowing that or anything else, to be built on our beach front is bad. Our beach front is our greatest asset, and should not only be preserved, but cleaned and beautified. The second annual dance band clinic will be held at Bay High gym on May 10th, with Mr. Irving Fazio, famous swing clarinetist, as guest conductor. Schools from Moss Point, Pascagoula, Biloxi, Gulfport, Stanislaus and Bay High will participate. Congratulations to Rev. John T. Dearing, local Baptist pastor, who received his Th. M. degree from the Baptist Theological Seminary, last week, with a general average of 93.6%. Mississippi's Senator Jim Eastland has announced that he will support Paul B. Johnson, Jr., in the gubernatorial contest, come August and the Democratic primaries. Fire is the one great enemy of productive forests, and causes Mississippi and other states losses of many millions of dollars annually, so please observe the fire prevention rules and help to cut down these losses. May 8th will be the second anniversary of the end of the war in Europe, and the prices of food, clothing, building material, etc., are twice, and in some cases, three times as high as they were then, with many things much scarcer now than then. Where will it end? Don't forget the big American Legion Show at Orte Theatre, on May 15th. It is for a good cause, so do your part. The work being done on Our Lady of the Gulf church is now in full swing, and when it is completed, it is safe to say we will have one of the most beautiful churches in the entire South. Hats off to the members of the Bay Rotary Club for their sponsorship of the joint band concert, which was presented to the public at Bay High Gym, on Thursday night, the many lovers of good music appreciate this gesture. Jimmy Stewart, the movie star with a party of friends, had dinner at one of our better known restaurants on the highway on Tuesday night of this week, now see what you girls missed. Bay St. Louis Little Theatre has begun rehearsal for its May production, which will be the three-act comedy, "Dear Ruth," and will be directed by Mr. Dennie Tonkel, with Mrs. Richard Madden in the title role of "Ruth." Did you know that more than 200,000 A-H Club members have received special training in soil conservation during the past three years, according to the National Committee on Boys and Girls Club Work? Some time ago we mentioned in this column what a difference a coat or two of paint and a little repair would make in the appearance of our City Hall, but still nothing along this line this been done; how about it, Mr. Mayor and Commissioners, take a few minutes time out and look for yourself and see if you don't agree with us. It is good to see our old friend, Mr. Armistead of the Pine Cabins, out and doing business again, looking fit as a fiddle, after a long, hard tussle with illness. The telephone strike is nearing the end of its fourth week, and from a passer-by's point of view, the girls are getting fed up with this picketing business. We now find that we can do without a telephone. We would suggest a users strike following the operators' strike until such time as a dial system is installed in our local exchange.

## LEADS SUPERIOR BAND

BROTHER ROMUALD

For seven consecutive years Brother Romuald has developed a band which received Superior Ratings for Concert and Marching at the annual State Band Contest in Jackson.

## BAND AGAIN RECEIVES TOP RATINGS IN CONCERT - MARCHING

For several consecutive years, the Stanislaus Band received ratings of SUPERIOR in concert and marching competition at the annual State Band Contests in Jackson. This year, in spite of the fact that the Director of the band was called away for a period of two-and-a-half weeks and did not return till six days previous to the opening of the contest events, leaving less than a week to shape up the band for the contest performances, our band came through with "flying colors" and was again awarded Superior ratings in both concert and marching. This excellent record, achieved in spite of a tremendous handicap, is attributed to the splendid spirit exhibited by every member of the band. For six days the students were taken through a tough schedule of marching practices and concert rehearsals. The marching practices were held every afternoon from the hours of three to five. The concert rehearsals were held every night from seven-fifteen to nine-thirty. So this is the secret which gives the answer to the question asked by so many enthusiastic fans of our band, namely, "I wonder how these boys can be trained to perform so perfectly."

Our band left for Jackson in a chartered forty-passenger Greyhound bus on Monday morning, April 21. At 4:45 the same afternoon the band reported on the grounds of the Old Capitol to take part in the parade of fourteen visiting bands. This was a very colorful affair and again our band received loud applause from the spectators for the snap and precision demonstrated on the march. These same characteristics of a fine marching band were again exhibited at the marching contest which was held under the lights of the Bailey Junior High School football field.

The band also made a very fine showing in concert competition. All three judges rated our band Superior which is the highest rating that can be awarded to a band. We feel very proud of our band and we hope that such a fine record as has been maintained by this group of young musicians will be an incentive for many students in our school to take up the study of a band instrument.

Of the forty members in the present band, nine are seniors and therefore will leave us after June 1. Every one of these nine seniors has been in the band either six or seven years. This will prove a great loss and it is hoped that those on whom fall the responsibility of filling vacancies will do justice to their task.

The band has several engagements from now on to the end of the school year. The two major events will be the playing for the commencement exercises of St. Joseph Academy on May 31 and the College commencement exercises on Sunday, June 1.

The members who will receive their high school diplomas on June 1 are J. H. Bonck, Anthony Carter, Richard Curran, Bernard Farr, J. T. LaNasa, Morris Nelson, C. J. Piazza, Lean Patten, Arthur Scafidi, Jr.—Stanislaus Rock-A-Chaw.

### Bridge Wreck Stops Trains

If your mail is over due or you can't get direct passage to some point north of Mobile take it in a nice graceful manner. Why? Because on April 30 the Louisville and Nashville Railway's main line bridge over three mile creek was rammed by an oil barge. This has tied up the evening trains out of New Orleans and Pullman service on train No. 4 was out for a day or two, because the morning train went only as far as Mobile. We are standing the lack of telephone service so we can take this in our day's stride also.

## RED CROSS QUOTA OF \$3356 REACHED SAYS CHAIRMAN

Joe Kern, chairman of the recent Red Cross fund campaign announces that the quota of \$3356, has been reached and he takes this method of thanking all of his committees who gave him 100 per cent cooperation and who worked untiringly to help make it a success. ## OPEN HOUSE FOR LOCAL HOSPITAL MAY 12TH.

May 12 marks the birthday of Florence Nightingale who was the first Red Cross nurse and who gave the best that she had to administer to the sick and wounded. The Kings Daughters Hospital which is an institution which stands for service to humanity with no regard of creed or nationality and with no regard for the finances of the patient, celebrates the birthday of Florence Nightingale with an open house and each guest is asked to bring a gift for the hospital—something that is greatly needed. Delicious refreshments are served and the staff of nurses are there to receive the guests and show them through the hospital. It is hoped that the friends of the hospital will keep this date in mind and be ready on that day to help the cause, "if you did it unto one of the least of these you did it unto Me."

## ANNOUNCES FOR CO. SUPERINTENDENT OF EDUCATION

E. E. (ED) BRELAND

The Sea Coast Echo is authorized to announce the candidacy of Mr. E. E. (Ed) Breland, for the office of County Superintendent of Education of Hancock County, in the coming primary election. His statement to the voters follows:

I wish to take this means of announcing my candidacy for the office of Superintendent of Education of Hancock County. Realizing the importance and responsibility of this high office, I promise if the people see fit to bestow this honor upon me, I will do everything in my power to give them an honest and upright administration.

I am thirty eight years of age, have a wife and four children. I was born and reared in this county, and have taught in its public schools for twelve years, ten and a half of which have been in one school. I might also say that I have never taught in a school in which I was not re-elected for the next session. I have always been interested in the public schools, and my one desire is that I might be able to serve the people of my county in a greater way. I believe I can give them better service as County Superintendent of Education.

It shall be my aim to see that every veteran receives the benefits which our schools are able to give them. I realize that in the present war the educational system was greatly handicapped, and because of this each of us should strive in a greater way to get the youth of our land educated.

I assure you that if elected to the position to which I aspire, I shall render courteous and efficient service. It is my sincere desire to conduct every voter before the democratic primaries in August, and I shall certainly appreciate any support that will be given me.

Respectfully submitted,

E. E. (ED) BRELAND

## JUDGE TELLS WHY GAMBLING AND LIQUOR ARE ILLEGAL

Asked to make a statement for the help of school boys and girls entering the current essay contest sponsored by the Hancock County Law Enforcement Association, Circuit Judge L. C. Corban of Biloxi tells why Mississippi has laws against liquor and gambling.

"The laws against liquor find their support in law in the safety and security of its people. The drunk man is an unsafe man. In a large percentage of violent crimes the first excuse that an accused attempts to offer is that he got to drinking and did not realize what he was doing. Drunken driving is the supreme hazard to the lives of all of us on the highway in this day.

"The laws against gambling are on the statute books, not because of any moral issue, but because gambling has been found to be inimical to the public welfare. No man will be a dependable executive or employee if he has his mind on employment while he is going to the 'jack pot.' Then when he loses his money, his temptation is increased to steal or embezzle in order to catch up. He thus wrecks his own life and produces costly crime in the community.

"Another insidious effect on the community is the slush fund it furnishes operators with which to attempt to bribe officers and voters and improperly influence elections."

## Gulf Coast Trade School Open For Colored Only

The Gulf Coast Trade School, this city, is in receipt of instructions from the Department of Education, Jackson, Mississippi, that this institution can not be approved at this time for training WHITE Veterans. The reason given for this action is that Automotive Training has been offered in a number of High Schools, Junior Colleges and the Serviceman's Institute at Prairie, Miss.

Action has been taken by this school to appeal the decision rendered by the State Department of Education, based on several factors which would, in the estimation of this school, make it impractical for veterans in this vicinity to attend courses offered by adjoining Junior Colleges and the Serviceman's Institute at Prairie.

This school deeply regrets the unfortunate developments that have arisen, but offers assurance to all white veterans that every possible action will be taken to open the White School at the earliest possible date, stated Woodrow W. Webre, manager of the Gulf Coast Trade School.

The eligible crops under this practice are Crochalaria, soybeans, cow peas and Alyce clover. Farmers who intend to carry out a summer legume practice should come to this office and get a prior approval before the crop is seeded.

## FAMINE does not breed DEMOCRACY!

China is a land troubled by economic upheaval, frustration and political involvement.

Fatigued by eight years of war, its people must endure additional hardships and privation before their struggle for unity and freedom from want can bear fruit.

China needs our help NOW! A friendly, understanding hand from America is the only answer to the problem of building China into a healthy, democratic ally. Ultimately, the Chinese people, strong, united and working in cooperation with us, will help us realize our own high hopes for economic stability and global peace.

More transmission lines will be a part of Mississippi Power Company's \$11,000,000 four year construction program. These new lines will be in addition to the more than 600 miles of high voltage, heavy capacity transmission lines now serving customers in Southeast Mississippi.

Evidence of the Company's faith in Mississippi, this new construction of electric facilities will serve the state's growing industrial, residential, commercial and farm needs—will add taxpaying values in every area served.

#### School Property Should Be Guarded Carefully During Vacation Period

Jackson, Miss., April 19 (Special).—A great many of the schools of the state have closed or will close this week. A small percentage of the schools will operate summer terms. The greater majority of the school plants will be vacant during summer months.

The estimated value of the school property in Mississippi, according to Mr. J. M. Tubb, State Superintendent of Education, is \$52,307,507.00.

This amount has been increased during the past twelve or eighteen months by the acquisition of sizeable amounts of surplus or donable property. The result is that the overall value of the school property of Mississippi is an important item of public wealth.

Mr. Tubb feels that local superintendents and local Boards of Trustees should guard this property carefully during the vacation period. Safeguards against fire, unlawful entry or malicious trespassing should be maintained during the summer months.

Not only should precautions be taken to protect public school property but the summer months may be effectively utilized to repair or reconstruction school property for the opening of the 1947-48 school term. Mr. Tubb feels that carefully protecting and repairing school property are two matters of great importance for school superintendents and trustees to consider during the approaching summer months.

#### ORTIE THEATER SUNDAY - MONDAY "IT HAPPENED IN BROOKLYN"

Presenting Frank Sinatra,  
Kathryn Grayson, Peter  
Lawford, Jimmy Durante

Every once in a while Hollywood manages to produce a picture that lives up to the seemingly impossible task of providing good entertainment for young and old, rich or poor, intelligent and naive. MGM's "It Happened in Brooklyn," produced by Jack Cummings and directed by Richard Whorf, with screenplay by Isobel Lennart, can claim this distinction.

Pictures made of such wholesome fabric that the entire family can go and see it and come out equally satisfied are comparatively rare. "It Happened in Brooklyn" does not pretend to be a great film with a great message. It just aims to entertain.

While all actors give excellent performances, Sinatra and Durante steal scene after scene. Sinatra, as the shy Brooklyn boy with a velvet voice repeats the success of "Anchors Aweigh," and also scores with a number of melodious songs; Durante is at his very best as a crusty school janitor with a golden heart; Miss Grayson's voice equals her good looks, and Peter Lawford does a remarkable job as the young Englishman, suddenly transplanted.

Songs in the film range from the classic "Bell Song from Lakme," done by Miss Grayson, to "Time After Time," "It's the Same Old Dream," "The Brooklyn Bridge" and others. Done by Sinatra. There also is a duet by Sinatra and Miss Grayson, singing an aria from "Don Giovanni."

Some of the Sinatra-Durante dance numbers and Durante antics are sure to bring down the house. The story is very simple, serving only as a vehicle for some good, clean fun and romance. Shy Sinatra, stationed in England, promises to demonstrate Brooklyn's lively pace to a young, quiet Englishman, played by Lawford. When Frank comes to the States he meets an attractive school teacher, Miss Grayson, registers Brooklyn, gets a job in a music shop and moves in with Durante because of the housing shortage. Lawford comes over from England and falls in love with Sinatra's girlfriend. Together they help a boy win a music scholarship.

The conclusion proves most satisfactory and a delightful new happiness begins when you see "It Happened in Brooklyn" at Ortie Theater, Sunday and Monday.

#### Wilmer's Defeats Merchant Marines Softball Team

The Wilmer's Groceries of the Bay St. Louis Softball League defeated the Merchant Marine School Cadets in a benefit softball game Thursday night on the Pass Christian High School athletic field, score 10 to 0.

Proceeds of the game went to the St. Josephs School in Pass Christian. Wilmer's pitcher, Favre turned in a sparkling one-hit performance. His bid for a no-hitter was spoiled in the second inning when H. Panotini doubled for the Merchant Marines. He stole third but was stranded there when Favre fanned the next three.

Th Bay men got away to a two-run lead in the first on two hits and no errors. In the third Tommy Egloff and E. Luc hit successive homers for the Bay. Egloff's blow came with a runner on base. Another tally came across in the same frame as a result of Junior Goeffrey's double and L. Moran's single.

#### BAY HIGH JUNIOR-SENIOR PROM

Friday, May 16, is the date set for the Junior-Senior Prom. A committee to formulate plans has been appointed by the President Rod Murphy. Members of this committee are Andy Gray, chairman; Gay Curren, Gloria Biehl, J. D. Mollere, Jean Pritchard and Mellie Johnston. They will select a theme and make plans for decorating the gym. A good deal of thought is being given to the entertainment. The juniors are in high hopes that this will turn out to be a gala event of the year.

For the past two years the JUNIORS have entertained the seniors with banquets because of the "mac-power" shortage. All of us remember very well the banquet given at Reed Hotel last year. The last prom given at Bay High presented a Hawaiian scene. The committee went to quite a lot of trouble to carry out the theme to the last detail, even to making leis to present to the guests as they entered.

Another memorable JUNIOR-Senior Prom used the American Indian as its keynote. A wigwam stood in the center as part of the background for the floor show, which included Indian dances in costume.

Mississippi has an absentee voting law which applies alike to military men and civilian voters, who are unavoidably away from home on election day. It does not apply to those who may be sick at home. In general elections, tickets may be obtained from Circuit Clerk and in primaries the secretary of the county executive committee will supply tickets and information. This law will be found in H. B. 181, Chapter 124, Laws of 1944.

### CONSULTS TO HELP

On Tuesday and Wednesday of last week, Mississippi entertained her first Import-Export Conference, which was attended by about twenty consular representatives. The visitors seemed to enjoy their stay in Jackson and responded well to the fine hospitality extended by the Capital City. They were much interested in the industrial achievements of the state and freely predicted big things for the future of Mississippi, and pledged their cooperation and help to that end.

A movement on foot at the University would organize the veterans' housing area into a town or campus community. It has been announced that the Neshoba County Fair will be held this year on July 28th-August 1st. The Neshoba Fair had to be closed during the war and its reopening will be welcomed in the state. Albert S. Windham, public relation officer for the Highway Safety Patrol, speaking to the Kiwanis Club at Tupelo last week stated that traffic deaths and accidents in Mississippi in 1946 was 498 killed and 1483 injured. Mr. Windham thinks that number of accidents is entirely too high and steps should be taken to safe-guard the lives of people who travel the highways. Congressman Colmer is using his

### HOME AGENT NOTES

National Home Demonstration Week begins next Sunday, May 4. This is the second year that the first week in May has been set aside to tell people what home demonstration clubs are and what their members do.

In Mississippi today 25,000 farm women are members of home demonstration clubs. We have 120 home demonstration workers in the various counties to lead and teach these women.

The work started back in 1911. Then 150 girls were members of "tomato clubs." Three women, including Miss Susie V. Powell, the first state home demonstration agent, directed the work. All of the first tomato club members were in Lincoln and Copiah counties.

Miss Powell visited Washington in 1911, and talked with Dr. Seaman A. Knapp, who started the kind of work the Extension Service does. From that time on her girls tomato clubs were an official part of Co-operative Demonstration Work.

Dr. Knapp told Miss Powell: "Through the tomato plant you will get into the home garden and by means of the canning you will get into the farm kitchen; it will depend upon your tact, judgment, common sense and devotion to work as to what you may accomplish for the women and girls in the home."

The club members exhibited canned products at the State Fair for the first time in 1911 along with corn club exhibits. The state champion canner, Sallie May Strahan, won a trip to Washington.

Miss Powell had 12 women under her supervision in 1912. The Mississippi Legislature recognized the importance of the work. It passed a bill enabling Boards of Supervisors to use some of their funds to employ home demonstration agents. These agents are employed jointly by the county, the state and the U. S. Department of Agriculture.

The work continued to grow. In 1913 five tomato club girls won trips to a 4-H Club Show at Columbia, South Carolina.

Congress passed the Smith-Lever Act establishing the state Extension Services in May, 1914. Under Miss Powell's direction as state agent in charge of the home economic work of the Extension Service, the first

influence to see that a new FEPC bill is not brought into congress. The City of Philadelphia, Pennsylvania, has been chosen as the Convention City of the Republican Party for 1948.

The Eastern Star held its annual meeting in Jackson last week. H. L. Stumbaugh of Columbia was elected associate grand patron on the last day of the meeting, and on the same day Mrs. Lillie Hoffat of New Albany was named as associate grand conductress. They were installed along with officers elected on the previous day. Mrs. Carline Tripp of Jackson, worthy grand matron, and Walter D. Spain of Tupelo, as worthy grand patron.

groups of women were organized into home demonstration clubs in 1915.

Mrs. Mary Barrow Geisen succeeded Miss Powell as state home demonstration agent in 1924. Miss May Cresswell has been state agent since Mrs. Geisen resigned in 1929.

In tribute to Miss Powell, who is living in Jackson, Miss Cresswell says, "Her interest in the welfare and advancement of Mississippi women has never lagged. She has watched the growth and development of home demonstration work with unfailing interest and enthusiasm. Home demonstration work in Mississippi owes much to Miss Powell's wise leadership throughout her 14 years at state home demonstration agent."

The influence of the leadership of the 25,000 active home demonstration club members is felt throughout every community in Mississippi. These women are working tirelessly for the betterment of their homes, communities, state and Nation.

## We're Willing To Settle The Telephone Strike RIGHT NOW

Since the big disagreement with the union is over wages, we have offered to submit the fairness of our wages to an impartial group of citizens in the South and abide by their decision.

Such a Board of Arbitration would decide, among other things, the extent to which recent wage settlements in other industries have a bearing, if any, on telephone wages in the communities served by Southern Bell. Some of these industries have stated that it will not be necessary for them to increase prices, but since the Telephone Company is a regulated public utility, telephone users must pay in rates for services what the Company has to pay out in wages.

We think our offer to arbitrate is the best way to stop the strike and the fairest to employees and telephone customers alike.

But the union has refused this offer.

Why?

Apparently, the reason is that the Southern Federation of Telephone Workers, a Southern union composed of Southern men and women, cannot move without the approval of the National Federation of Telephone Workers, with which it is affiliated. And it looks as if the National Federation of

Telephone Workers wants nation-wide power for itself over an essential industry through nation-wide bargaining.

The Southern Federation is the union with which our contracts have been signed. They have made a long list of demands upon the Company, but certain of these demands, they tell us, cannot be decided through negotiations between themselves and us alone. They must be settled on a national basis.

In effect, therefore, the Southern Federation is being operated by "remote control"—by persons remote from Southern interests, Southern responsibilities, and Southern conditions.

The Company believes that settling Southern wage matters in the South by Southern people—on the basis of conditions prevailing in the South—is the fair way to handle the wage question.

If the union would agree, the strike could be ended immediately—employees could get back to work—and the public could get normal service.

All this could be done if the Southern Federation of Telephone Workers would sit down with us, engage in free and unrestrained negotiations—and act for themselves.
